D. BACKGROUND AND EXPERIENCE	
Please briefly present the partner organisation.	Meram Şehit Kubilay Kindergarten; Konya province Meram District, Org. Tural Mah. It was completed and put into service as a single-storey kindergarten building in 2001 (allocated to the Ministry of National Defence with Treasury Deed) within Tural Lodgings. In the 2002-2003 academic year, two kindergarten classes and one kindergarten class were opened to normal education with 3 classes and 3 teachers. With the increase in the number

	<p>of students and the need for a dining hall and kitchen, two empty rooms under the building were organised and used as a kitchen and dining hall in the same year. We are currently continuing education with 5 classrooms, 6 branches and 4 club classes. The school garden is 2452 m2. There are 2 camellias, traffic education park, hobby garden, children's playground, sandpit and warehouse in the school garden. Our school, which has all the physical conditions, is at the highest level in terms of hygiene. My school is clean, Tübitak, blue flag, zero waste, eco school, forest in schools, nutrition friendly, eTwinning and Erasmus projects are carried out in our school. In addition, our school has ISO 45001 Occupational health and safety quality certificate. This year, we are working on establishing ISO 9001 Quality certificate and ISO 14001 Environment integrated system.</p> <p>Our school has 1 principal, 1 vice principal, 6 permanent teachers, 1 guidance counsellor, 4 club teachers, 2 kitchen staff and 2 cleaning staff. Continuous improvement and development activities are ongoing. We have food service 4 times a day: breakfast in the morning, lunch for club students, lunch for afternoon students and afternoon breakfast. Our school is currently in dual education</p>
<p>What are the activities and experience of the organisation in the areas relevant for this application?</p>	<p>As a public preschool and in Turkey, we aim to develop environmental awareness and a nature-based lifestyle for students aged 4-6. We plan to implement a nature-themed project within the framework of Erasmus+ KA2 strategic partnerships. The main goals of this project are to encourage outdoor play in nature, foster environmental consciousness, teach waste management, build empathy between humans and nature, and produce digital content related to nature.</p> <p>If we talk about our work on environment and nature issues;</p> <p>We have competent teachers in our school in this regard. All our teachers are members of TEMA (Turkish Foundation for Combating Erosion, Afforestation and Protection of Natural Assets). Our school carries out Forest in Schools, Zero Waste, My School is Clean, Environmentally Friendly Schools and Sky Flag projects, in which teachers across Türkiye take part.</p> <p>In addition, we have worked on many projects on the eTwinning Platform regarding living with nature, nature awareness and recycling, and have received many national and European Quality labels. Our school is an organization that has the ISO 45001 occupational health and safety certificate issued by the Standardization and Quality Unit of our Ministry of National Education. This year, it is working on establishing the ISO 45001- ISO 9001 Quality and ISO 14001 Environment Integrated System.</p> <p>There is a very large garden in our school. Our school is a very competent institution that has done a lot of work in this field. You can follow us on social media and our website.</p>
